A senior takes the first step in becoming a member of the Class of '64.

School Spirit

When a student begins her last year, she steps into a new realm of excitement. She has her senior picture taken, receives her cherished class ring, sends her invitations, dances lightheartedly through the prom, and dons her cap and gown in readiness for the last big event of her senior year.

Begins Year's Activities

The long awaited day, the yearbook has arrived.

Activities Reflect

The tension of a tied score at a volleyball game, the anticipation of the results of a contest, the weightless feeling of gliding smoothly across a dance floor—all are part of being a Riverdale student. The preferences of every girl are presented in the extra-curricular program. Each activity is supported with a singular enthusiasm making every moment of the year more enjoyable.

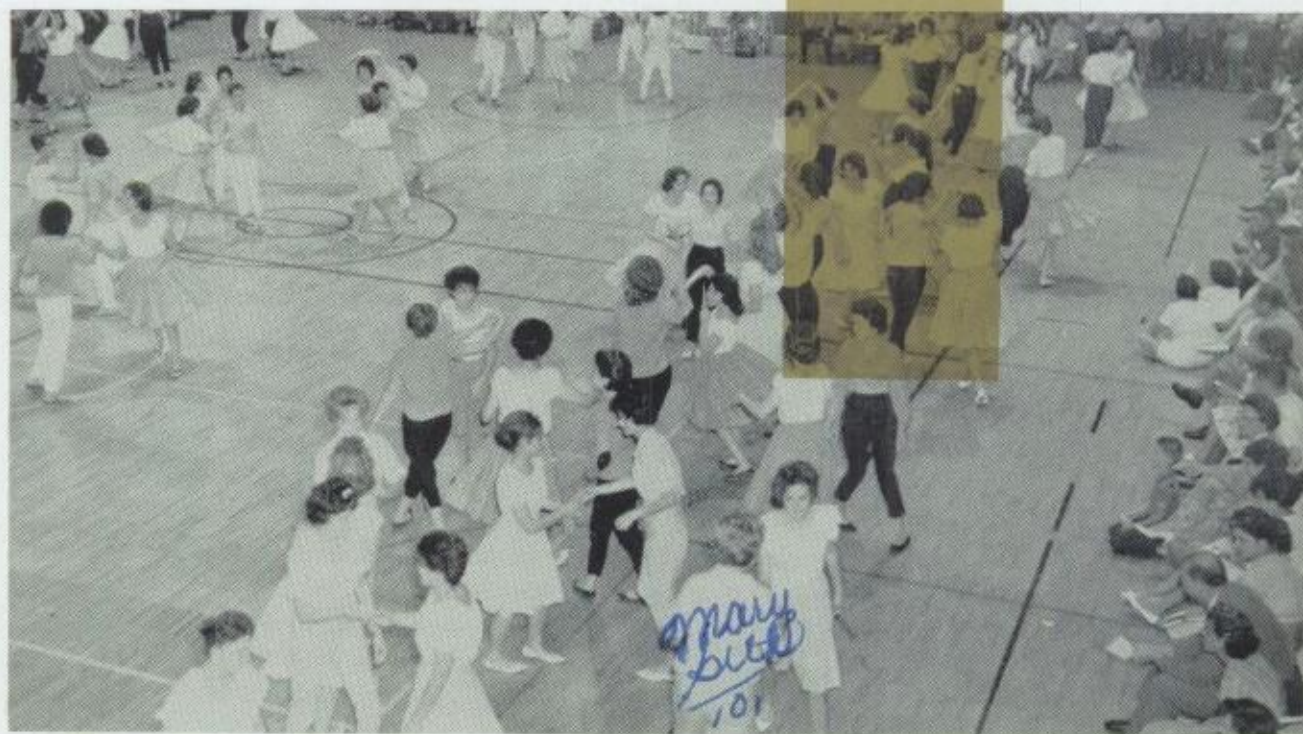

Lynne

"La Soirée Enchanté" was truly an enchanted evening for the juniors.

Varied Interests

The activities are not only social, but also charitable. Participation in filling Thanksgiving baskets for needy families, adopting families for Christmas, and collecting donations for community projects. These endeavors help make Riverdale's activity program well-rounded.

Gym night gave the girls a chance to exhibit dance routines and costumes.

Finally we knew the winner of the Senior charm.

LEMUEL W. HIGGINS
Superintendent of Schools
Jefferson Parish

Under the guiding leadership of Lemuel W. Higgins, superintendent of schools, Jefferson Parish Schools have taken sweeping strides to keep pace with the fastest growing parish in Louisiana. In the past years of his administration, there have been many improvements made in our schools and their systems. And in recent years, more new and modern schools have been erected and equipped to accommodate the ever-increasing number of students.

Superintendent Higgins, who received his appointment in 1939, is recognized as an outstanding citizen and educator. He attained his Bachelor of Arts degree from Louisiana State University with majors in English and history. Then while teaching in Jefferson Parish, he received his Master of Arts degree, majoring in administrative education, from Tulane University.

Mr. Higgins is actively involved as president of the Louisiana Superintendents Association, a member of LTA and executive and legislative committees, a lifetime member of the PTA, a member of the Special Educational Finance Board, the United School committee, American Association of School Administrators, and a member of the executive committees of the United Fund and the Red Cross.

These various activities enable Superintendent Higgins to keep abreast of the latest trends in education.

For some time, Mr. Paul J. Solis has been an active participant in education in Jefferson Parish. Before his appointment as assistant superintendent in 1949, he was a classroom teacher, an athletic coach, and a high school supervisor.

Assistant Superintendent Solis graduated from Louisiana State University with both his B.A. and M.A. degrees. He is a member of Louisiana Supervisors Association LTA, PTA, NEA, National Association of Business Administrators, Department of Public Welfare, Phi Delta Kappa, LSU Alumni Association, National Conference of Social Welfare, Knights of Columbus, VFW, and Red Cross.

Counselors and Librarians Render Special Services

Mrs. Santa Maria Keith
Counselor

Paperwork forms a large part of a counselor's job.

Counselors spend a good deal of time keeping records up to date.

Mrs. Mildred Gremillion
Counselor

Miss Laura Leche
Librarian

The counseling department at Riverdale is the scene of constant activity. Although our counselors are always busy, they can find time for the student's smallest problem. Help—in choosing a college or career, to administer tests, and keeping numerous records are all part of their daily work. The counselors' job does not end with the school year. It continues during the summer when they arrange students' schedules for the following year.

Our library is kept running smoothly by Miss Leche and her assistants, Mrs. Thelma Drumm and Mrs. Doris Borne. A large part of their time is spent processing new books. Helping students locate material needed for classes and recommending books for leisure-time reading round out their full schedule.

Librarians aid students seeking information for difficult assignments.

Indispensable Personnel Perform Basic Services

The bus drivers who provide transportation in all kinds of weather are as follows: *Front Row:* Mr. Rabb, Mr. Jaeger, Mr. Gennow, Mr. Ovella, Mr. Cressionne. *Back Row:* Mr. Demesia, Mr. Alford, Mr. Simone, Mr. Estrade, Mr. Sentilles, Mr. Edwards. Not Pictured—Mr. Autin, Mr. Cucchero, Mr. Himbert, Mr. Orillion, Mr. Prados, Mr. Roberts, Mr. Simone.

Mr. Monnerjahn, our maintenance supervisor, is always available when needed.

Mrs. Becker is the supervisor of our cafeteria.

The cafeteria provides nourishing lunches for Riverdale students. Staff members include: (left to right) Mrs. Becker, Mrs. Lloyd, Mrs. Graff, Mrs. Lang, Mrs. Chaix, Mrs. Prudhomme, Mrs. Graser, Mrs. Cook, Mrs. Brocato.

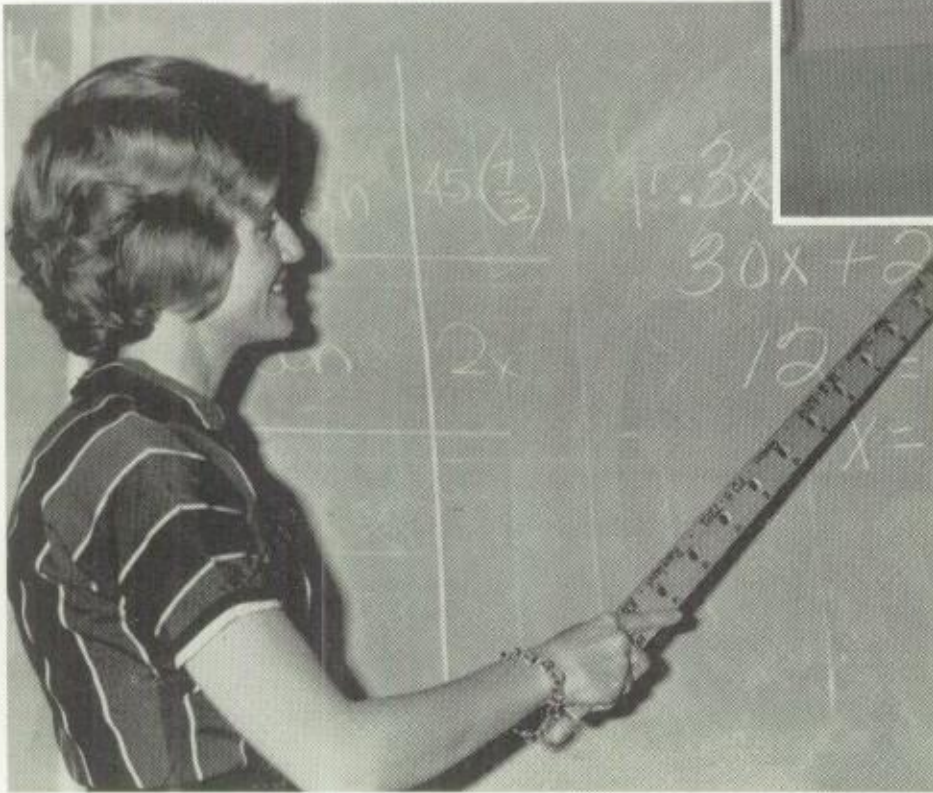

Curriculum

Mr. Courville teaches practical application of everyday math to business circumstances.

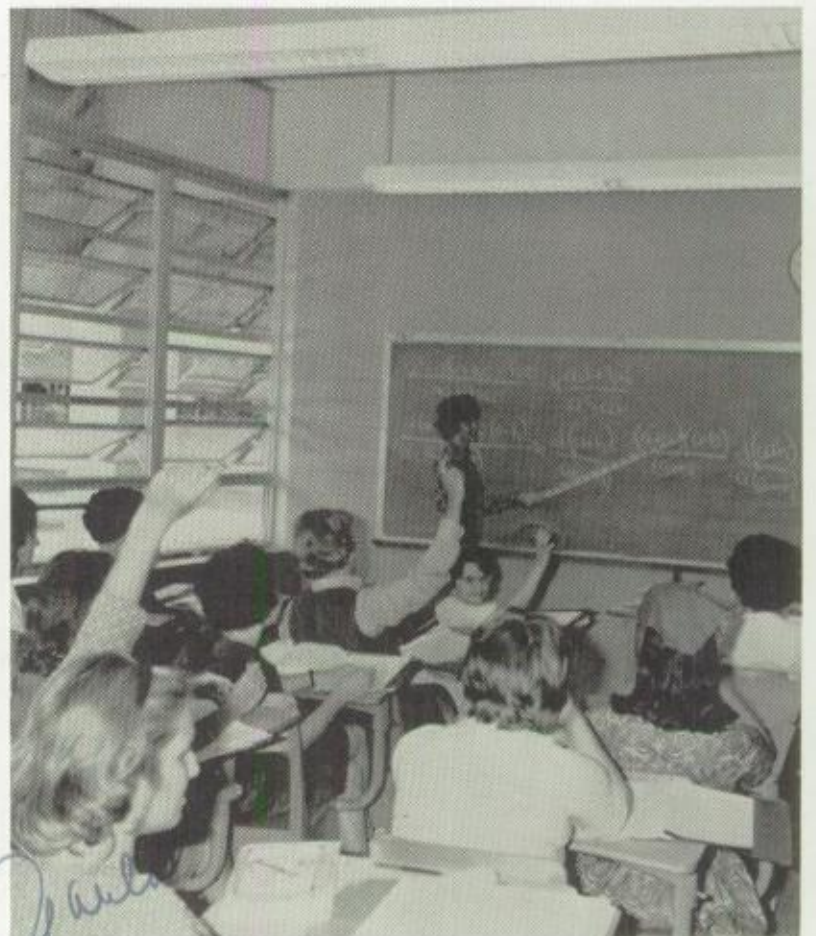

Mrs. Kessler explains an intricate algebra problem to her students.

The Mathematics Department offers a diversified mathematic curriculum. The subjects offered are of two types: college preparatory and business mathematics. A student may choose from general math, business math, senior math, Algebra I and Algebra II, geometry, advanced math and the SMSG courses in geometry and algebra.

Mathematics is universal in scope. We find it utilized in every occupation and in personal economics. It is indispensable.

Mathematics courses stress clear and precise thinking, with their objectives being understanding and practical application of mathematics in all phases of living.

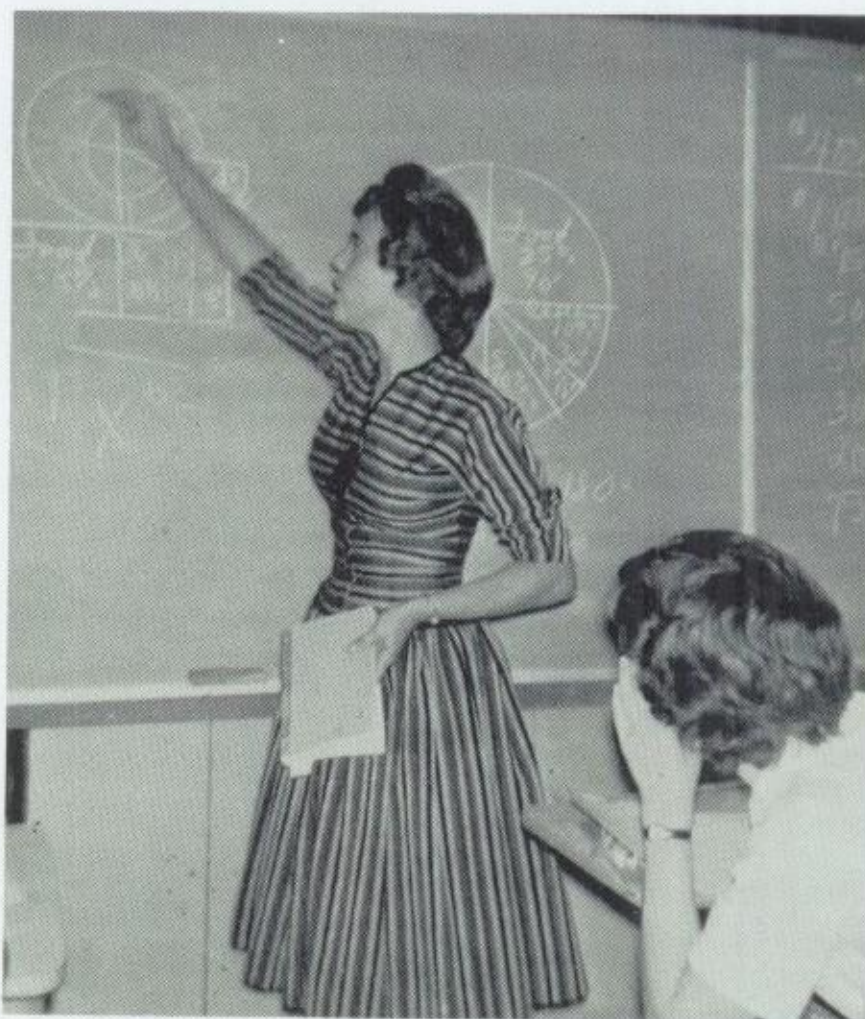

Students readily offer to answer questions.

The Ability to Reason

The most useful tool in education, the student, is clarifying a geometry illustration to fellow classmates.

Mrs. Cox introduces the basic fundamentals of advanced math.

Mrs. See is using modern innovations and approaches to make math more meaningful and applicable to the student.

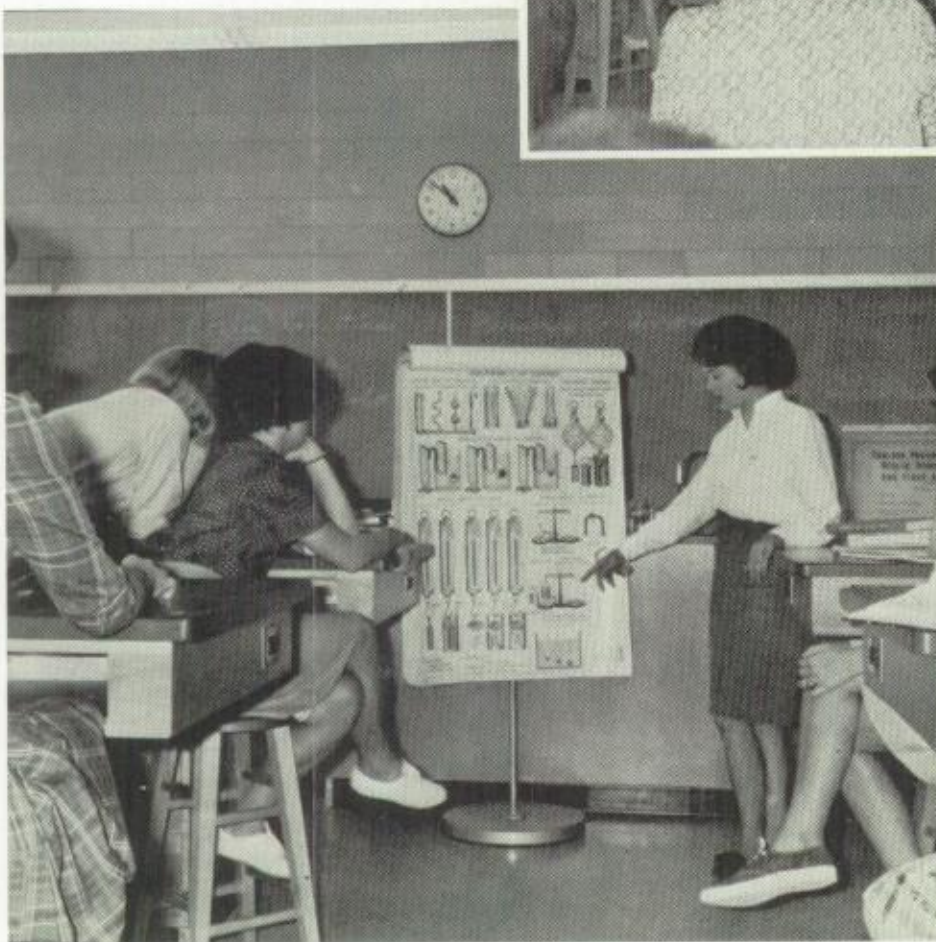

Science Creates Interests

Experiments aid in understanding chemistry.

Physics broadens students knowledge of the mechanics of science.

Through Research

Biology emphasizes the study of life.

General science teaches basic facts and concepts.

The Science Department of Riverdale High School is organized along the physical and biological sciences, offering general science, biology, chemistry, and physics.

The Science Department is concerned with acquainting students with theories and facts of the sciences, but it is more concerned with aiding the students in abstract reasoning and correlation of available information and reasoning.

All fields of science are becoming adequately supplied with instruments and facilities for investigation of scientific phenomena and natural laws. The department is being constantly enlarged and improved, and the faculty endeavors to present the newest developments in all fields of science.

English Encompasses

A speech student relives the famous words of Patrick Henry: "Give me liberty or give me death."

These students are illustrating the different sentence structures by the important visual aid, diagramming.

The English Department is directed toward the attainment of ease in reading and comprehension, facility in writing, fluency in speaking, intelligence in listening and appreciation of literature. All subject areas are largely dependent on the students' mastery of these language skills.

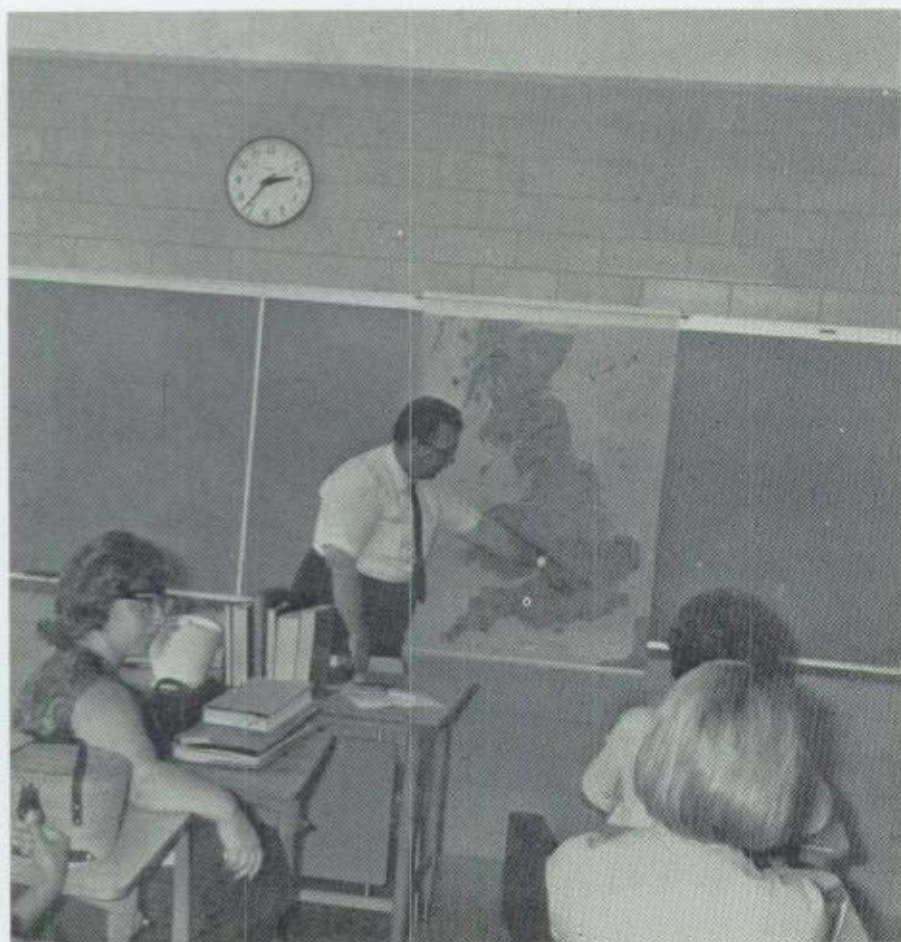

To develop proficiency in these skills, the English Department offers Journalism I, Speech I and II, and Business English, besides the traditional English courses.

Many approaches to the development of this program are taught through the various media: books, magazines, newspapers, radio, motion pictures, recordings, and film strips.

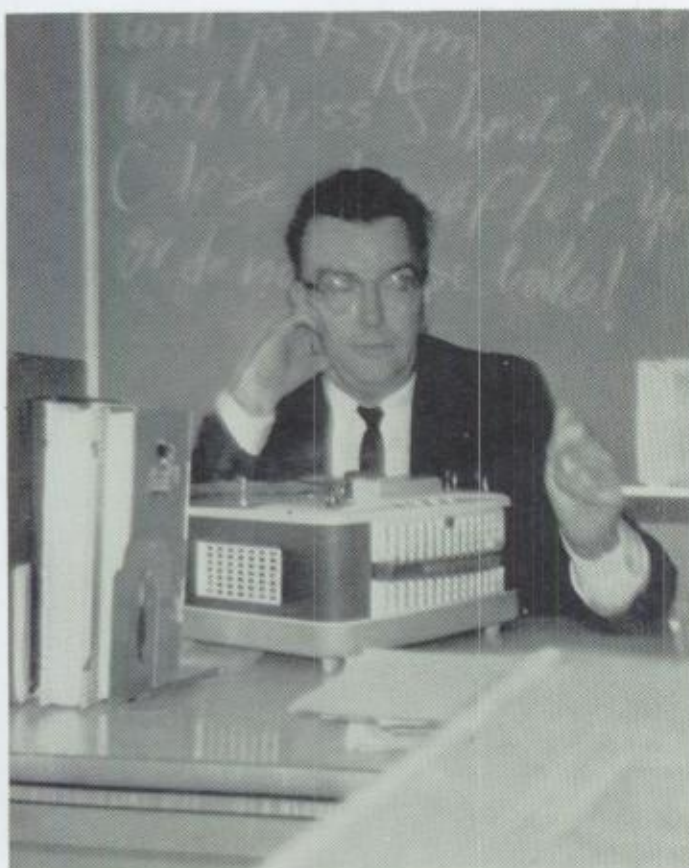

Mrs. Landry listens to the various oral interpretations of students concerning the works of modern poets.

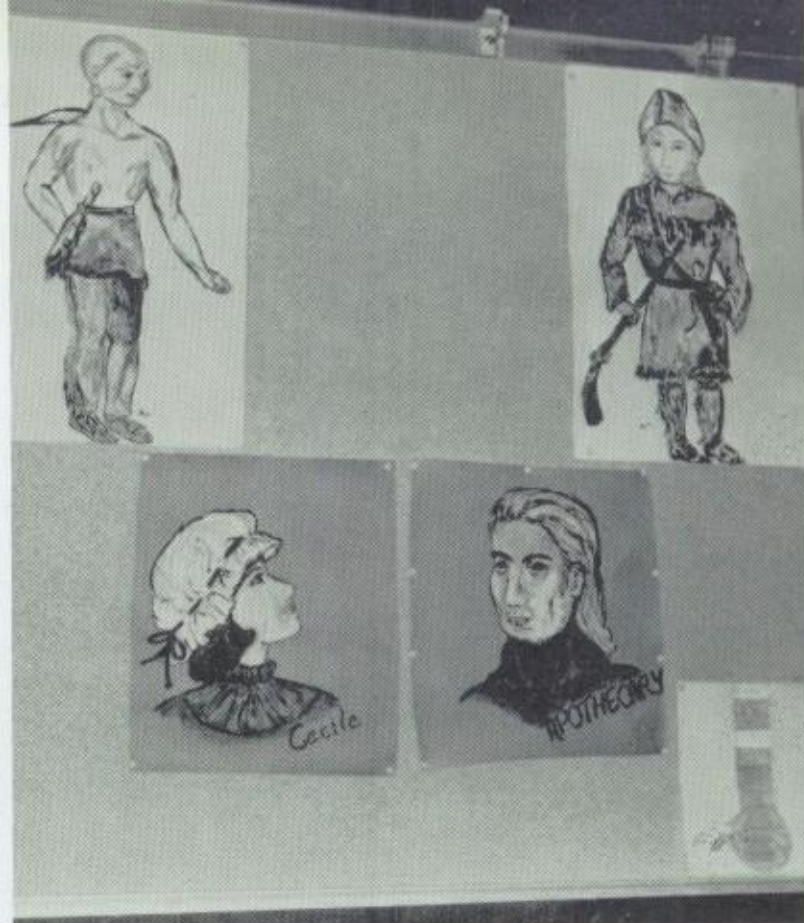

Various Media of Communications

Maps allow Senior English students to visualize more readily the places where the development of the English language occurred.

Mr. Hoffpauir plays the tapes of English ballads to broaden the knowledge of his students.

Student drawings portray characters of early American literature.

Oral book reports, usually on novels by famous American authors, are listened to attentively by Mrs. Newitt's class.

Projects increase knowledge and interest in civics.

A study of American documents stimulates an understanding of our country's history.

Civics provides basic knowledge of our country's history.

Facts of Past and Present

The Social Studies Department is geared toward understanding our political, social, and economical heritage. With the assistance of audio-visual aids, the department illustrates the relationship between the past and the present. Highlights of the year include field trips to such places as Carville and Jefferson Davis Memorial.

A significant feature of American history is the six weeks' course on Communism. This course presents a broad concept of the traditions of America versus the evils of Communism.

The other courses that are available to the students cover the major aspects of history. The curriculum includes: ancient history, world history, medieval and modern European history, civics, world geography, U.S. history, American government, economics, and sociology.

Students in an economic class discuss the reasons behind recessions and depressions.

World history students familiarize themselves with the location of various European countries.

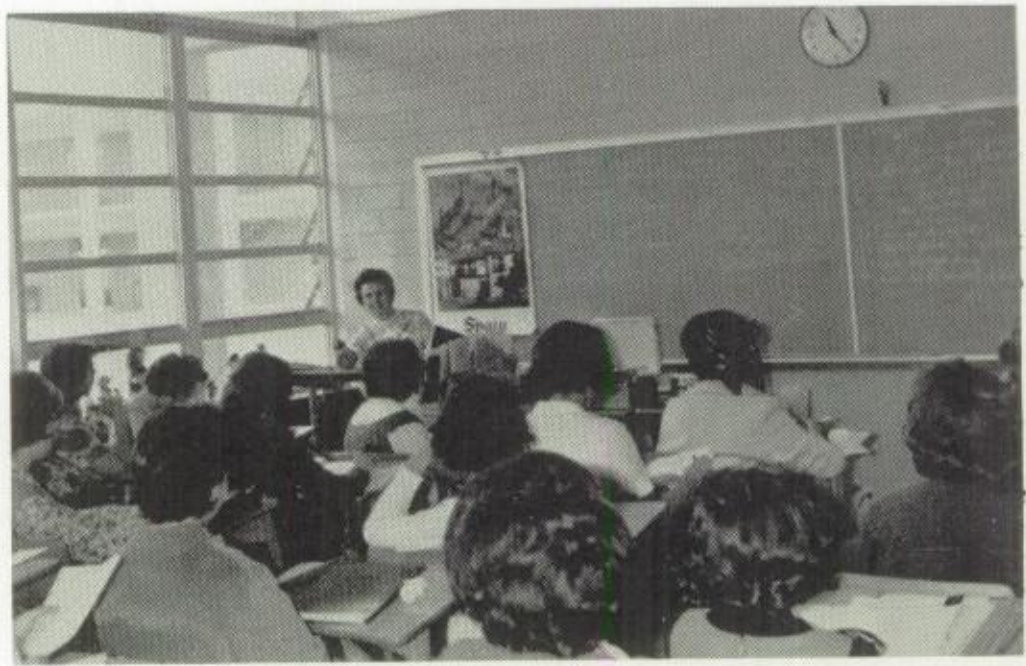

To better understand our present civilization, sociology classes study ancient societies.

Audio-Lingual Techniques Are Stressed in

The study of Spanish includes learning about native costumes.

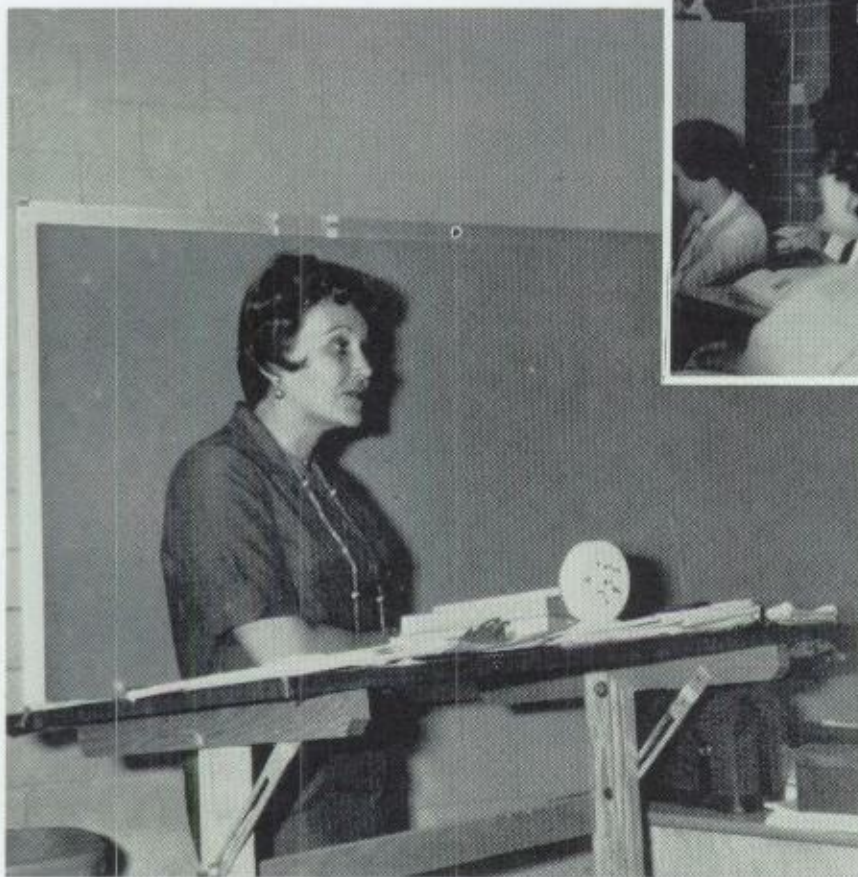

A study of Spain supplements Mrs. Smith's Spanish class.

Mr. Touzet illustrates the construction of a sentence in French.

Foreign Language Classes

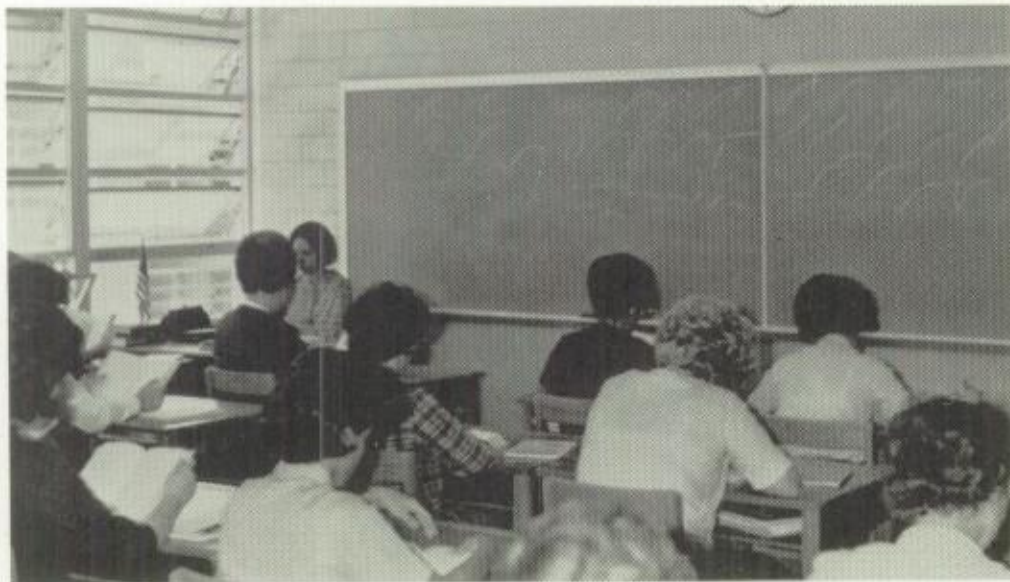

The history of Rome is discussed in Latin class.

Riverdale's Foreign Language Department strives continually to achieve two main goals: command of the language itself and appreciation of the culture of the people whose language is studied.

Classroom use of such facilities as a portable language laboratory, tape recorders, phonographs, film strips, maps, and supplementary reading material; and teacher-directed instruction aims to develop each student's ability to read, write, and speak her chosen language. Club activities, field trips, discussion-groups, and lectures aim to present various aspects of foreign cultures and their influences on each student's American heritage.

Mrs. Schloegel leads a class discussion.

Students take dictation in preparing for a business career.

Mrs. Lucksinger explains shorthand symbols.

The curriculum in Business Education Department is varied. It includes the following: Typewriting I, Shorthand I, Shorthand II, Bookkeeping I, Bookkeeping II, General Business, and Clerical Practice.

The department is concerned with instilling in the students the knowledge, attitudes, and nonvocational skills needed by all persons to be effective in their own economics. Primarily, however, the department is concerned with the vocational knowledge and skills needed for initial employment and for advancement in business careers.

Now new equipment and charts help the teachers supplement their programs.

Distributive Education students show creative ability.

through Practical Training

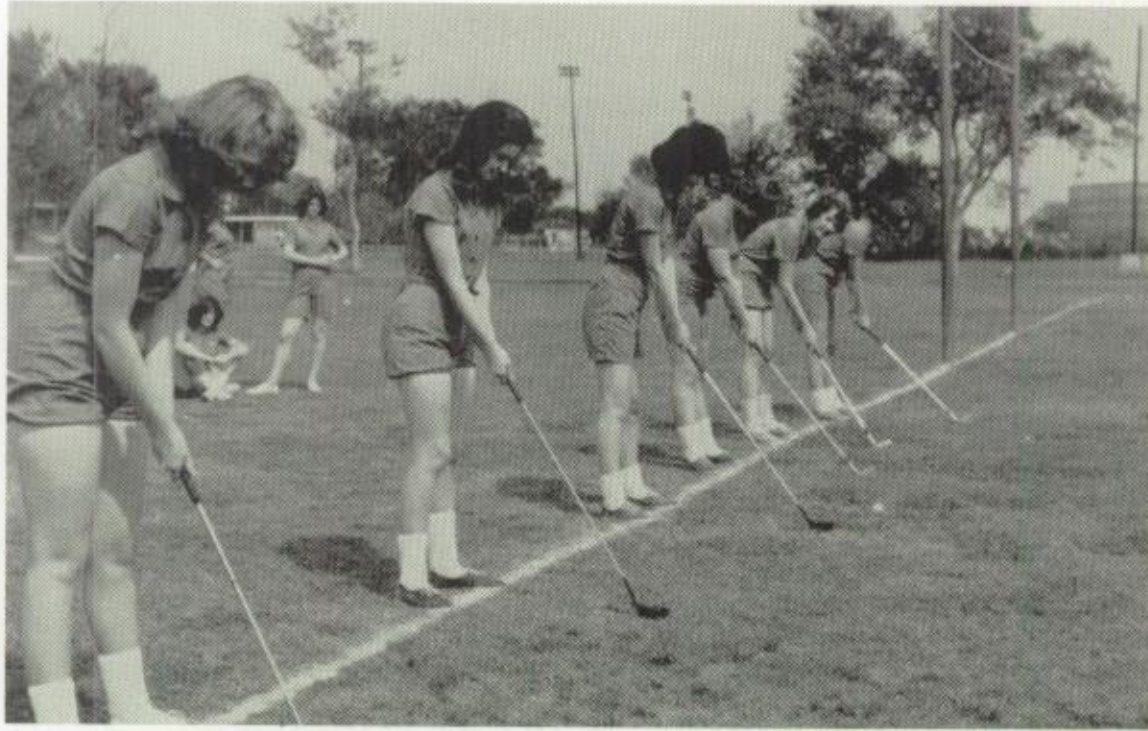

Education for personal, home, and family living is an important aspect of the total educational program in Louisiana. Home economics is directed toward strengthening the home in its role in the education of the young; in the building of character; in maintaining physical, mental and emotional health; and in providing opportunities for civic, aesthetic, and spiritual growth.

Courses offered in the home economics program include foods and nutrition; clothing and related arts; child care; housing; family relations; consumer problems; and this year, home and family living, a non-lab course including all major areas of home economics, was added to the curriculum for seniors.

Extremely modern facilities equip a contemporary department to accommodate over six hundred students to make Riverdale's one of the largest Home Economics Departments in the nation.

portsmanship

The Physical Education Department of Riverdale has done much to promote physical fitness and interest in athletics. Besides the standard sports of volleyball, basketball, and softball, the students enjoy such things as archery, golf, tennis, and hockey. Instruction in first aid and health are offered as supplements.

The intramurals, activities participated in by all students, successfully produce school spirit and healthy competition.

Miss Laird demonstrates correct golf form.

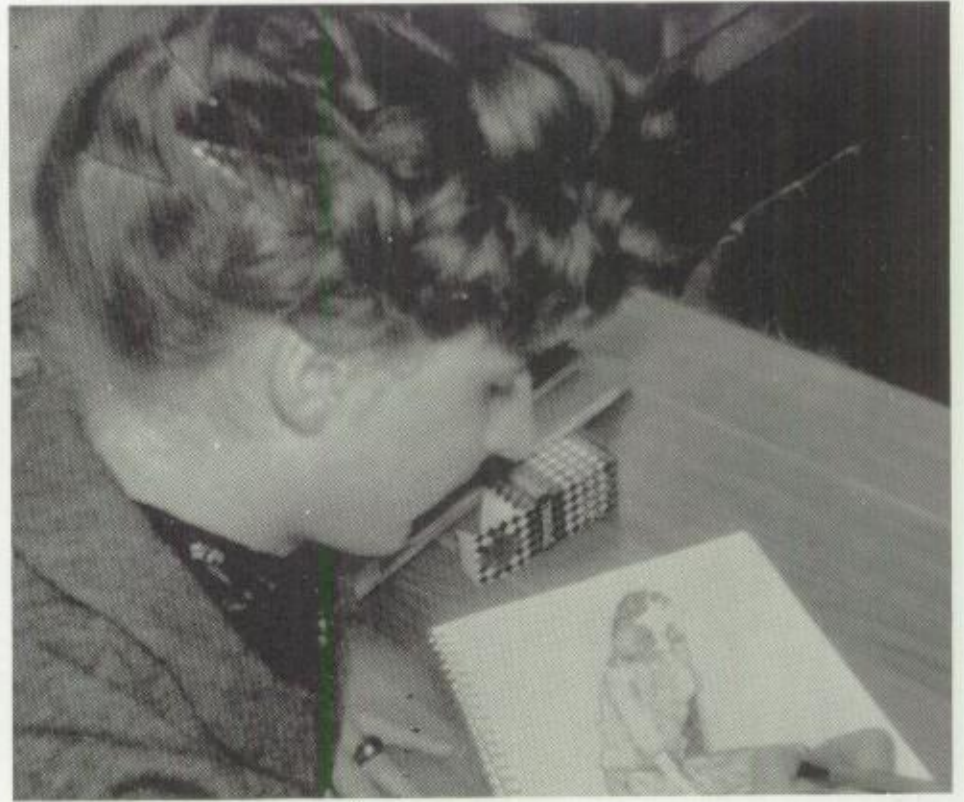

The Curriculum Is Enhanced

Art Offers Aesthetic Experience

The Art Department attempts to instill with the students an appreciation for creative work. While developing an understanding of the elements and principles of design, the student becomes a better judge of art.

This course provides definite opportunities for self-expression through the medium of art.

The course also includes the history of art, prehistoric to the present day, evaluated according to the principle of design and other fundamentals.

An art student's work reveals ability and ability.

Concentrated effort by an art student pays off in the end result.

Driver's Education Offers Practical Experience

Mr. Anderson guides students in learning the art of driving.

Driver's Education offers to students the chance to learn the skills of driving an automobile safely. Classroom instruction in, not only safety skills, but also in the general motor construction and its functions, enable the prospective driver to fully realize the responsibility vested in her when she gets behind the wheel of an automobile. But most important is that final test of classroom instruction — when the student takes the wheel.

by Electives

The Music Department offers an excellent opportunity for students to develop an appreciation for music through participation. The daily classes consist of instruction in music history, theory, and appreciation, plus choral singing. To fulfill these objectives Riverdale offers classes in general music, glee, and chorus.

Music Offers an Enriching Experience

A student in the band department is exposed to musical history, and she obtains experience and practice in the use of her talents. The band is one of the most colorful organizations on the campus. The talented students treasure their membership and fellowship as a satisfying experience in high school.

The Riverdale Band plays as a part of the East Jefferson High School Band, performs in their half-time shows and marches in parades with them.

Mr. Clancy directs band members as they practice.

The Riverdale Cafeteria was transformed into a castle of the gods when the Latin classes held their annual banquet. Activities included the initiation of first year students, a tableau that enacted the mythical creation, games, and a feast, Roman style.

State Comptroller

Riverdale, in its first year at Pelican Girl's State, topped all other schools and walked away with two state offices, the only ones ever held by this district.

The girls learned the mechanics of government by actually participating in it. After they had been assigned to a city and parish, elections were held. Participants performed the duties of the office to which they were elected. Mock trials were conducted, budgets planned, and the girls worked frantically to complete their city and parish projects before the deadline.

Tension ran high as the two state parties convened to nominate candidates for offices. The week reached its climax as the results were announced, but elation turned to a feeling of sadness as the girls packed to go home.

Gaily decorated baskets, laden with food, filled the counselor's office.

With the smell of turkey roasting old fashioned style, Riverdale did not forget less fortunate families. The day before the deadline girls stayed after school to decorate their boxes in the spirit of Thanksgiving. Then the girls, loaded down with food, celebrated the holiday by offering thanks through giving.

Homerooms vied for the honor of constructing and filling the best basket.

Volunteers Serve Both In and Out of School

Not a day goes by without the smile of a library assistant to brighten the atmosphere.

Service is the by-word of many Riverdale lassies. Their service is to their school and to their community. School spirit is exemplified by school service.

Eager volunteers collect for the T.A.P. March of Dimes.

Riverdale Students Develop

Each of the four students selected to represent Riverdale in the Speech Tournament at the University of Southwestern Louisiana were rated "excellent" in their categories. Dana Fletcher and Susan Stowell entered oral interpretation; Carolyn Blanton and Jan Floyd participated in oratory. Students from throughout Louisiana competed in the tournament.

Finalist*

Practice and hard work have opened the door for many honors in the sprints and broad jump for Beth Marks. She represented Louisiana this summer in the National A.A.U. track meet in Ohio where she was a member of the medal winning relay team.

Becki Grundon has participated in three national meets and one Olympic Development Meet. In Louisiana, she holds parish and S.A.A.U. records. One of her many honors was tying the national record in the 50 yard dash while in the eighth grade. As a teammate of Beth, she was a member of the relay team, but she devotes most of her time in the 220 dash.

These Riverdale girls are potential Olympic team members.

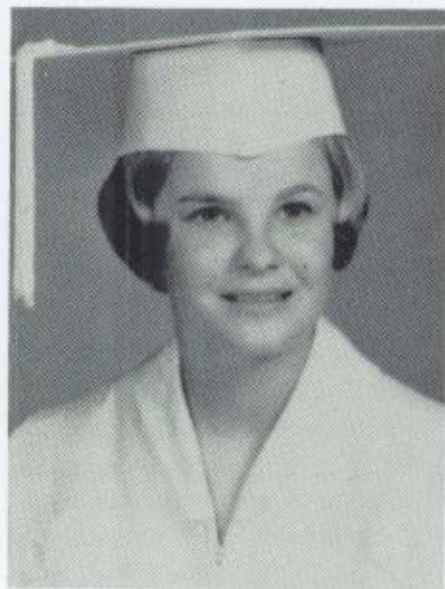

Many Specialized Interests

Betsy Ritchie, a Riverdale junior, was elected state secretary of Mu Alpha Theta.

The Daughters of the American Revolution presented citizenship awards to three girls selected by the Senior Class. Cheryl Klibert received first place; Hazel Oswalt was second, and Barbee Bennett, third.

Janet Daniel attended the Summer Science Training Program at L.S.U. It was sponsored by the National Science Foundation and the theme was "What is Research?"

Susan Zebert

Janet Deare

Susan Zebert, Janet Deare, Anita Hankins, Susan Masinter, Shirley West, and Jo Duval were chosen to participate in All-State Chorus which was held in Baton Rouge.

"Top Ten" Exce

BARBEE BENNETT plans to attend S.M.U., where she expects to major in math and minor in music. To become a math teacher is her ambition. A few of Barbbee's likes are meeting people, sewing, ice skating, and toy poodles. Barbbee ponders, "I wonder if S.M.U. will allow a cute little toy poodle in the girls' dorm." She dislikes hypocrites and unfriendly people.

JANET DANIEL plans to attend L.S.U., where she expects to major in either medicine or biochemistry. She remains undecided in her career, but is considering medicine. Janet enjoys Bridge, "a good argument," cats, and reading. She lists as her dislikes answering letters and driving in fog.

DANA FLETCHER plans to attend Baylor, where she expects to major in drama. Professional acting and directing are her goals. Dana spends her time participating in speech activities, dancing, horseback riding, and swimming. Boredom and getting up early in the morning are her dislikes.

GWEN HOLMES plans to attend Loyola, where she expects to major in upper elementary education. She hopes to become a teacher. Gwen likes learning and all water sports. She dislikes "decisions and having to sit still when I've got something on my mind."

JUDY HUFFMAN plans to attend S.L.C., where she expects to major in either English or math. To be a teacher is her ambition. Among Judy's likes are fuzzy sweaters, ferry boat rides, dancing, and singing in her church choir. People who are insincere annoy her.

LESLIE LANGDON plans to attend U.S.L., where she expects to major in lower elementary education. She wants to teach handicapped children. Leslie enjoys traveling, cooking, parties, and photography. She dislikes exercises and homework.

in Scholarship

HAZEL OSWALD plans to attend L.S.U., where she expects to major in biology and minor in education. To become a teacher, wife and "mommie" are her ambitions. In her spare time, Hazel keeps busy knitting, eating, reading, and "yearbooking." She does not like turnips and boredom.

PEGGY SMITH plans to attend S.L.C., where she expects to major in business administration. Although undecided, Peggy considers becoming an economist or an accountant.

Yellow, men teachers, summertime and her church group are among her favorite things. Peggy, who has naturally curly hair, dislikes "long, smooth hairdos," and messy lockers.

LOIS STANLEY plans to attend L.S.U., where she expects to major in biochemistry. Because she is interested in science, Lois is considering medical technology or chemical research for future work. She enjoys participating in musical and dramatic entertainment, and various sports activities. "My only dislike, along with everyone else's, is homework.

PAM YAGER plans to attend Newcomb, where she expects to major in arts and sciences. To become a doctor is her ambition. Pam likes sewing, cooking, embroidering, and singing in her church choir.

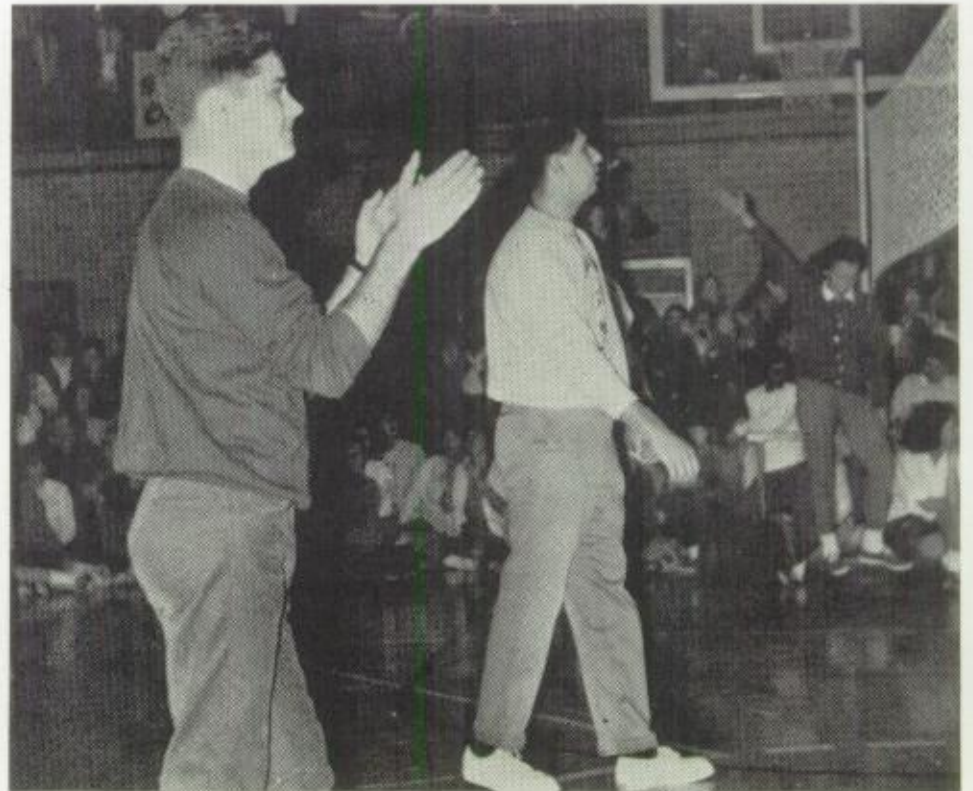

The Top Ten students represent scholastic achievement at Riverdale. *The Tam-O-Shanter* here presents those members of the Senior Class consistently appearing on the Principal's List and the Honor Roll. The Top Ten are presented here in alphabetical order, not according to numerical rank. Final class rank will be determined at the end of the second semester.

Teachers Vie for Volleyball Championship

The ladies challenged the men teachers to a championship volleyball game and the challenge was accepted. The contest took place at the playground gym before a large number of eager spectators. The ladies were dismayed, however, as the men came through with an overwhelming victory.

Mrs. DeVillier whops a serve.

Mr. Courville shows pleasure as the men score another point.

Amateur band offers encouragement to ladies team.

Talent Shows Show TALENT!

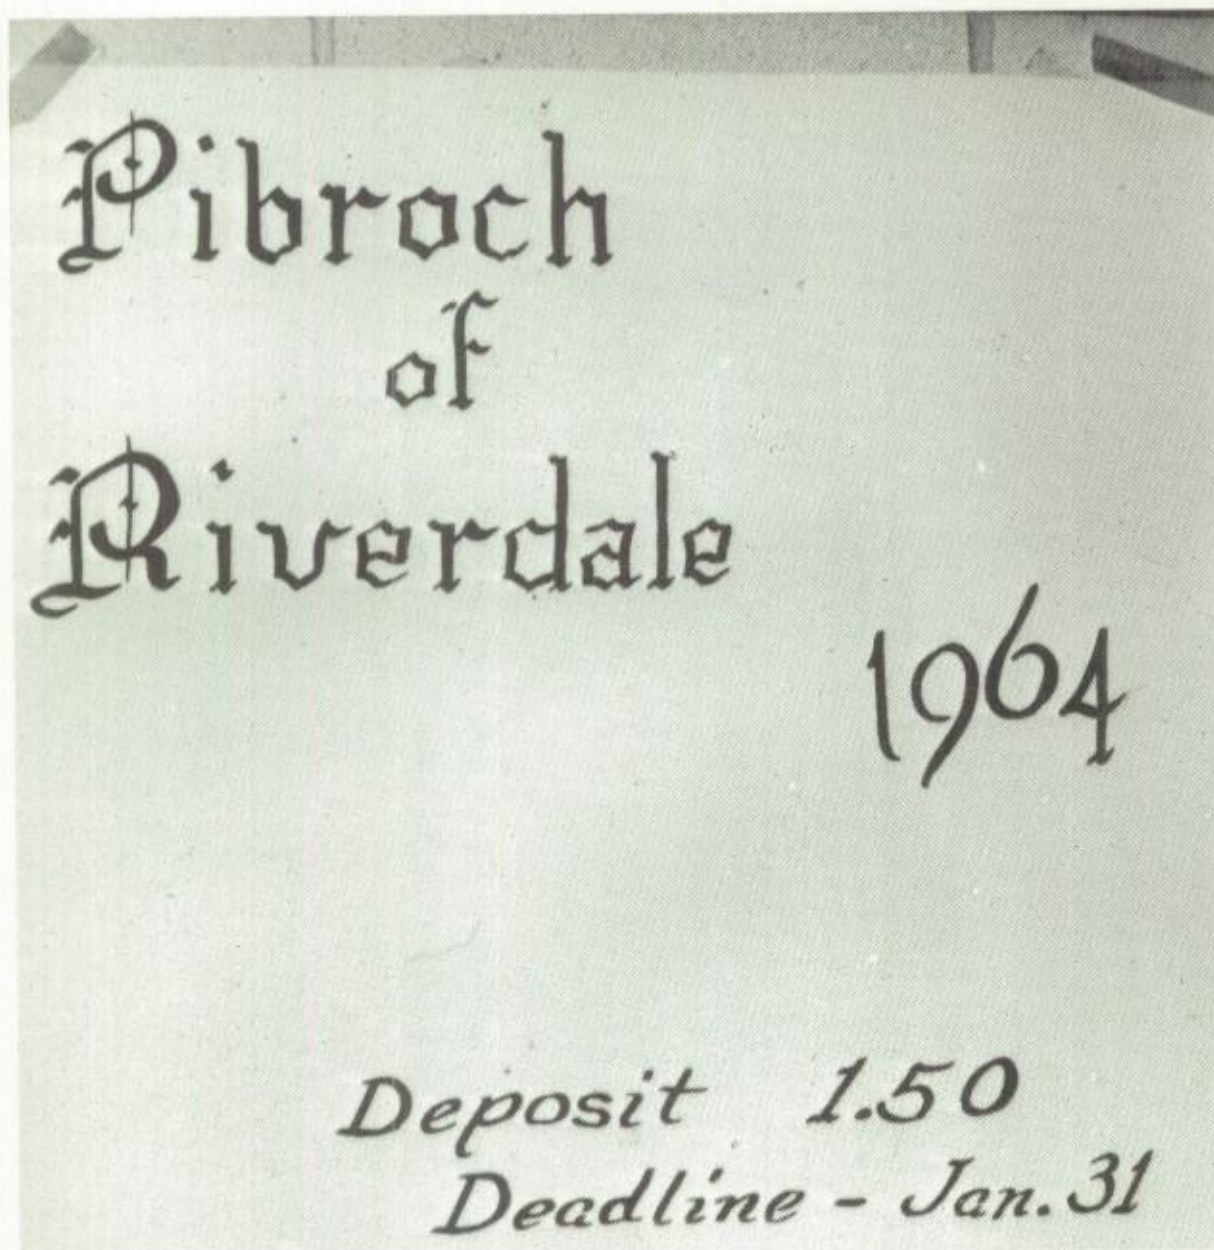

The audience was held in awe as students and teachers made their bids for stardom. Each was trying for her "big break" on the road to Hollywood or Broadway.

The Teachers' Talent Show topped off last year with a grand finale, a satire on school life, from the point of the hardworking student.

The Student Council and F.T.A. held their own talent shows while the Chorus poked fun at Riverdale teachers.

"Pibroch" Records the Sounds of Riverdale

A vigorous campaign begins.

An entirely new conception of "yearbooking" was brought forth this year with the Riverdale *Pibroch*, commonly called the "talking yearbook." The idea was realized by Mr. Hoffpauir. All the sounds of Riverdale are captured on the grooves of the L.P. Who will ever be able to forget those immortal words, "Mr. Monnerjahn," on the P.A., those "mad, mad" home rooms, or the sounds of footsteps dancing. Students are eagerly awaiting another Riverdale first!

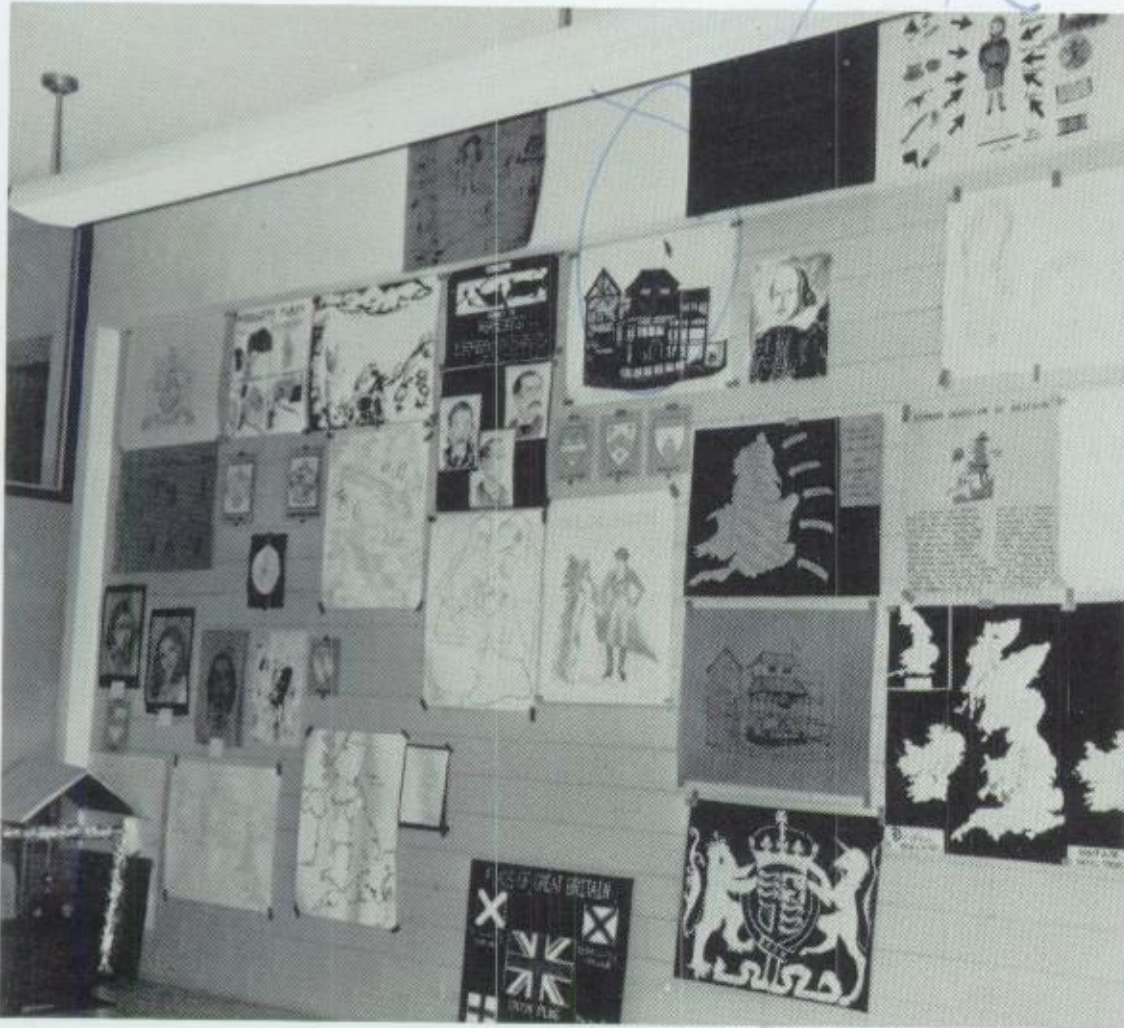

The *Pibroch* staff edits tapes made during the week.

A parade advertises the forthcoming "talking yearbook."

Displays Add Color and Variety to School Life

Maria Johnson (Prin)

English projects depict life and literature in England during the Elizabethan period.

Maureen Maxwell

History display demonstrates early art.

Ornate wise men were displayed in the home economics department during the Christmas season.

Riverdale Extends

The senior tree captured first place.

The Scottish theme was portrayed by the junior tree.

The sophomore tree was Sugar'n Spice'n Everything Nice.

'Twas the day before vacation,
And all through the school;
Students and teachers
Were filled with the Yule.

The last bulbs were hung
On the trees with great care.
In hopes that the Tree Trophy
Soon would be theirs.

The preparations were ready
For the Big Christmas Fling.
Students parted
And exchanged gift things.

Then all were seated,
And Mrs. Kemp began;
First on the program
Mrs. Krone sang.

The doors were announced,
And so was the tree.
The Seniors were happy
As expected to be.

Dr. Marlow held
A surprise in store.
The favorites were announced,
But, still there was more.

The Speech Department
Took over from there.
They presented *Little Women*
With an Old Christmas flare.

School was out;
Students cleared the halls
With hopes of a Merry Christmas
To one and to all.

Christmas Greetings

The senior class president accepts the trophy for the winning tree.

The chorus entertains at the Christmas program with all time favorites.

Christmas gifts collected for needy families fulfill the desire to give.

Mrs. Krone sings "O Holy Night."

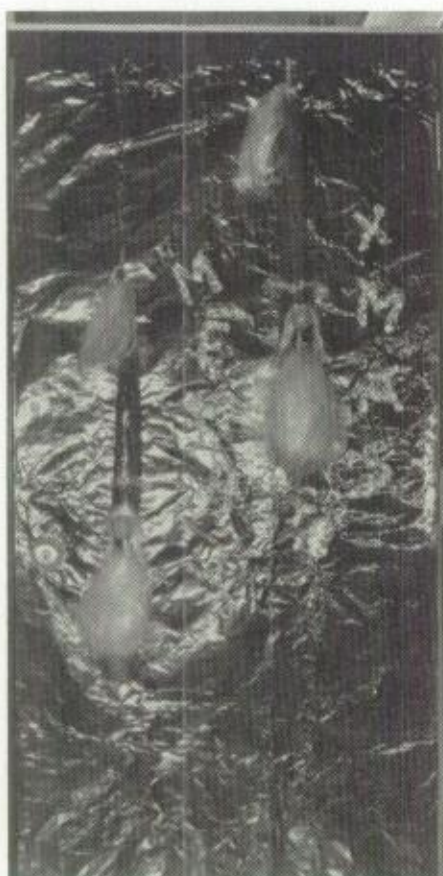

The Door Contest

First place
Miss Carmouche's Homeroom

The chill of Old Man Winter covers the school. Inside the warm halls, lassies work busily in preparation for the Annual Christmas Door Decoration Contest. Tinsel, tree bulbs, and Christmas cards are transported from home to school to be made into fascinating door decorations. The girls work after school and during lunch to perfect their doors. Only the finishing touches remain as the deadline draws near. The decorations finally go up—the hopes and dreams become a reality.

The halls look like Christmas cheer made manifest. Any visitor would marvel at the many different interpretations of Christmas—happy ones, humorous ones, beautiful ones, and serious ones. Riverdale is aglow with the warm and friendly spirit of Christmas that radiates from within.

Riverdale students listen attentively as the wonders of the science program are unfolded before them.

At the beginning of the school year, Mr. William Curry from NASA spoke to the entire student body about the important role of science in our world.

Mr. Curry explains the advantages of living in a modern scientific world.

Lynn Osborne explains the complex electronic tube.

Cheryl Ruck and Jeannette Nolan marvel at the sounds transmitted by a homemade telephone.

Later in the year, students from physics classes displayed their understanding of basic principles with projects demonstrating various scientific phenomena.

a New Adventure

The a cappella choir provides entertainment at many school functions.

What have we here?

... a silver service.

Mrs. Kemp presents membership cards to new F.B.L.A. members.

An average day at Riverdale begins with a ringing bell and announcements. But what comes between the bells is often varied and sometimes far from average. Classes are the usual drudgery, but not always. Different activities very often take over and fill the day with enjoyment. There are talent shows, lectures, hootenannys, and electioneering to round out activities. No matter which is a person's preference, none can deny that each day truly does present a new experience, a new delight, a new adventure.

*Miss
Riverdale*

Cheryl Klibert

Cheryl Klibert, Miss Riverdale, has become an active and vital part of school life. As president of the Senior Class, she provides the leadership necessary to organize the various senior activities.

Her interest in a career in the business world has led Cheryl to devote much time and energy to her duties as F.B.L.A. president. For her outstanding work in this organization, she was elected Miss F.B.L.A. She is a charter member of the National Honor Society. Her citizenship qualities have copped an award for her from the Daughters of the American Revolution, Cheryl's friendly and interested personality has become a large asset in her life.

*Miss Senior
Class*

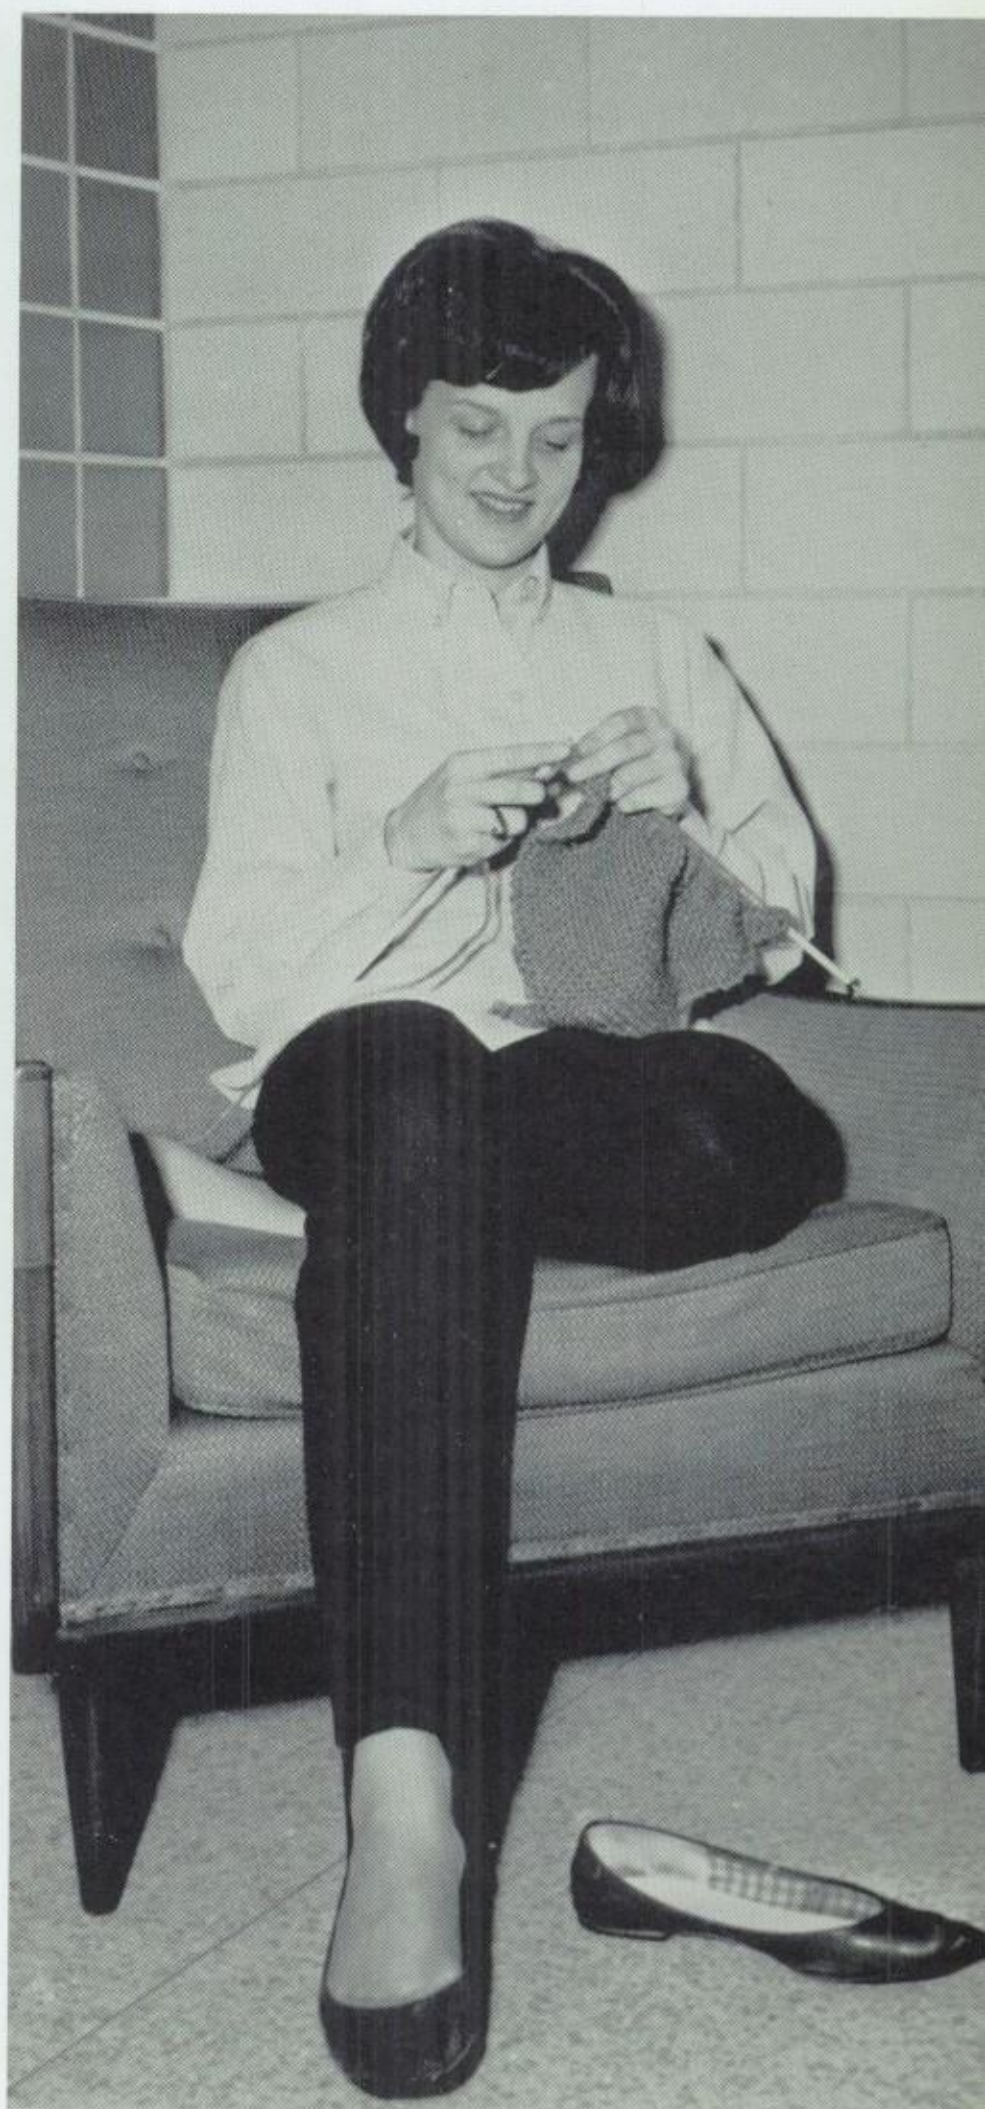

Hazel Oswald

The many faces of Hazel Oswald, reflect the various interesting facets of her life. At the beginning of the week she puts on the face of a secretary and takes minutes for the Senior Class. Next, she dons the look of a president calling a meeting to order for the National Honor Society. Another resemblance is that of the yearbook editor: a phase which takes up the majority of her time. She is also an officer in a social sorority.

Every aspect of Hazel's life is filled with service and leadership, and each is highlighted by her fun-loving, friendly disposition.

Kathleen Bacuzzi

Kathleen Bacuzzi, or "Dookie" as she is called by her friends, is known as a person of varied interests. Some know her as an intelligent and interested student through her membership in Mu Alpha Theta, her participation on the yearbook staff, and in the Student Council. Some see her as the artist and music-lover that she is. Others see her through her athletic interests in hunting and horse-back riding. But all see Dookie and know her by her cheerful and outgoing personality which has made her a favorite among everyone.

*Miss Sophomore
Class*

Betsy Poole

Betsy Poole's shining blue eyes reflect her equally sparkling personality. She is a charming combination of vitality and sincerity. This year she was elected a sophomore cheerleader for East Jefferson. As cheerleader she displays the results of three years experience at Kenner Junior High and an unending supply of pep and energy.

Although Betsy has been elected her class favorite in her first year at Riverdale, such honors are not new to her. In her last year at Kenner she was chosen to be a maid on the Homecoming Court, and in the same year she was selected "Miss Kenner." Betsy's popularity can be attributed to the fact that she "just loves people."

The senior homeroom presidents serve as official representatives of the senior class. They represent democracy in action for suggestions are studied, discussed, and acted upon promptly. These young women promote interest in the development of our school and encourage the student body to take an active part in all school functions.

The senior class sponsors are (left to right): Mrs. Branis, Mrs. Banker, Mr. Hoffpauir, and Dr. Marlow.

Sophomore and Junior Homeroom Presidents Apply

The junior class is represented in Student Council by its homeroom presidents. These girls, through the practice of representative government, are given the opportunity to gain experience, maturity, and judgment. The junior presidents work toward strengthening their homeroom activities and support all school functions.

Junior class sponsors are (left to right): Mr. Burt Courville, Mr. Walter Gubert, and Mrs. Marguerite Screen.

Members of the National Honor Society

"... Scholarship, character, service, and leadership" are the objectives set up by the National Honor Society for eligibility for membership. Members are tapped in general school assemblies twice a year, in fall and spring. The Honor Society is a service organization, and each member strives to put "service above self" by furnishing time, effort, and unselfishness in projects which benefit Riverdale and Jefferson Parish. These projects include acting as guides on "Career Day" and for the Evaluation Committee, as well as taking inventory of school books at the end of each semester.

The Newly Organized Press Club Attracts Many Students

The Riverdale Press Club, organized this year to co-operate with newspaper staff in editing the *Scotichronicon*, has an enrollment of over 100 members. The club is comprised of girls interested in all phases of journalism, including the production of Riverdale's "talking yearbook," the recorded sounds of the school year. Press Club members help in gathering news, soliciting advertisements, and distributing the *Scotichronicon* to the student body.

Seated: Linda Peters—Vice-president; Karla Heidloff—President; Mrs. German—Sponsor.
Standing: Judy Black—Secretary; Mr. Hoffpauir—Sponsor.

The Debate Club Learns to Present Arguments Effectively

The Debate Club is a challenging and beneficial organization aimed at stimulating interest in current affairs, learning correct ways to analyze problems and presenting arguments effectively. Under the guidance of Mrs. Downing, each member profited from a year of concentrated effort to become better debaters.

Interest and active enthusiasm in all phases of drama are reflected by the Dramatics Club. “Act well your part for therein the honor lies . . .” — through the impressive presentation of plays at the state rally and for student body, the Dramatics Club has become well known. The club is under the guidance of Mrs. Landry and Mr. Courville.

Scotichronicon Deemed a

Publication of the *Scotichronicon*, Riverdale's first newspaper, was begun in November, 1963. The journalism classes and the Press Club worked together to edit and distribute the paper.

The *Scotichronicon*, named after an authentic Scottish journal, helps to inform the student body and the community of the cultural, recreational, and educational achievements of Riverdale's students. The 'chronicon is a strong influence in unifying spirit within the school and in providing a forum for student expression and creativity. Mr. R. H. FTA Provides a More Secure Future for Tomorrow's Youth

Below: *First Row:* Mary Ellen Sabel — President; Sue Erhardt — Treasurer.
Second Row: Linda Kaiser — Vice-president; Karen Clew — Parliamentarian.
Third Row: Cynthia Collins — Secretary; Connie Benedict — Historian.
Fourth Row: Mrs. Robertson — Sponsor; Mrs. Dulitz — Sponsor.
Fifth Row: Miss Schneckenburger — Sponsor; Mrs. Newitt — Sponsor.

Scholarship, honor ability, and devotion all are a part of the program of the FTA. The "F" is for the future, the stress on the time to come. "T" is the teachers who will lead the future generations to the heights. "A" is for America, and the country, and the idea behind the country of freedom and peace. These three ideas plus many more go into forming a future—a future for an influential country from an influential profession—the teacher.

One of the highlights for the FTA this year was a talent show given at the beginning of the year. Benefits from the show were presented to the P.T.S.A. for a scholarship fund.

Junior members of the Red Cross.

The Red Cross is a service organization which enables its members to develop a lasting sense of responsibility and interest in charity work.

To fulfill the aim of the Red Cross, members of the organization do volunteer work at Magnolia Home and at the Crippled Children's Hospital. This work keeps the members aware of those less fortunate and the ways in which these people can be helped.

As Riverdale's social service organization, students in Red Cross endeavor to promote good will in our school and in our community.

The sponsors of the Red Cross are Mrs. Screen, Mrs. Lanier, and Miss Tully.

Sophomore members of the Red Cross.

Tri-Hi-Y Instills Significant Values

Rita Myers
President

Carol McKenna
Vice-president

Donna Hoy
Secretary

Schneckenburger
Treasurer

Miss Gardner
Sponsor

The newly organized Tri-Hi-Y, under the sponsorship of the YMCA, is aimed at promoting high standards of Christian character in the home, school, and community. "Pure thoughts, pure words, and pure actions" is the motto and goal of the Tri-Hi-Y. The members participate in numerous activities and projects throughout the year. Some of these projects include a social at Christmas and inter-mural sports activities with other Tri-Hi-Y organizations throughout the city.

The Art Club Inspires Creativity

Judy Wisler—President; Beverly Botkins—Vice-president; Martha Babin—Secretary; Linda Phillips—Reporter; Mrs. Dalrymple, Mrs. Janek—Sponsors.

The Art Club was organized to stimulate students' interest and appreciation in the many phases of art. To put the student body in a festive mood, the club decorates the school for various holidays. The Art Club also sponsors an art contest including the works of all interested students. Cooperating with other organizations, the Art Club makes posters advertising various school-sponsored activities.

D.E. Students Are Employed by Local Businesses

The Distributive Education Clubs of America are well-known throughout the country. Riverdale's recently formed chapter is composed of nineteen senior girls, who are interested in the fields of retailing and merchandising. These girls attend regular classes for a half-day and work the other half-day.

Renell Hickey—President; Mary Ann Miceli—Vice-president; Janis DeMarigny—Secretary; Mary Robert—Treasurer; Lillian Lawless—Reporter; Joyce Strahan—Parliamentarian; Mrs. Gaille—Sponsor.

The 4-H Motto Is "To Make the Best Better"

The pledge of the 4-H Club embodies all the ideals of the young people belonging to the organization. Under the guidance of the L.S.U. Agricultural Extension Agency, the members participate in many charitable community affairs in addition to undertaking home-making and farming projects. These projects are exhibited in annual competition on Achievement Day, during which they are judged and awards are given.

Youth for Christ Stimulates Christian Ideals

The members of the Youth for Christ represent all religious denominations. Together they strive for the same goals: leadership, fellowship, and evangelism. The club is a branch of an international organization helping to maintain world peace by "Teens Telling Teens Today, Christ, the Only Way."

The Skating Club Works for Perfection

Precision and poise on skates are attributes of the Skating Club members. They accept nothing short of perfection in their figure-skating and dance routines. The Skating Club is very active, colorful, and lively.

Gripe Club Officers Lead the Group in Discussions

The Gripe Club does exactly what its name states. Organized by Mrs. Keith, it gives members a chance to relieve tensions by allowing them to complain freely about teachers, subjects, or things in general. Its meetings usually attract a large number of girls.

The Gripe Club officers are (left to right): Anita Hankins, Vice-president; Tina Farrugia, Secretary; Ann Avocato, President; Sandy Morgan, Treasurer; Judy De Corte, Sergeant-at-arms.

Long after the other students have gone home in the afternoon, on Saturdays, and even on some school holidays, hard-working staff members remain at school to devote the time needed for a successful yearbook.

Tam-O-Shanter staff members are carefully selected from applications submitted by the student body. Being chosen on the basis of outstanding scholarship, dependability, activeness in school activities, and previous journalism experience, the girls realize that being on the staff is not only an honor, but a serious responsibility. They strive to produce a book that the entire student body will be proud of and that will reflect all phases of life at Riverdale. At the end of the year, when *Tam-O-Shanters* are distributed, all the work put into the yearbook proves well worth all the time and work.

The *Tam-O-Shanter* staff is under the guidance of Miss Pat Barker and Miss Margaret Short and is advised by Dr. Guy Marlow in all business matters.

Spectators Are Impressed by Colorful Dance Team

To be a member of the dance team, a girl must be attractive, talented, and willing to devote long hours of practice to learning intricate steps. Members of this organization exhibit their dancing ability during halftime shows at East Jefferson football games and at civic and charity functions.

Dance Team officers are (left to right) Lynn Blackman, Secretary; Laura Trotter, Vice-president; Sharon Miller, President; Judy Maupin, Sergeant-at-arms; Elaine Kempton, Treasurer.

Riverdale's Scottish Theme Is Carried Out by Lassies •

The Pep Squad's talents and authentic Scottish plaid costumes combine to highlight not only to E. J. football games but also to Mardi Gras parades and Carnival balls. The Lassies, under the guidance of Mrs. Yenni and Miss Sassone, are representative of the Scottish spirit and vitality.

Pep Squad Officers are (left to right): Sandy Guillory, secretary-treasurer; Patti Pillittere, President; Barbara Cramer, Vice-president.

The difference between winning and losing a game often depends upon the spirit of the football fans. With the vivacity and enthusiasm the cheerleaders possess and transmit to the crowd, it is certain that no East Jefferson games are lost because of lack of spirit. The girls cheer both the East Jefferson—basketball and football teams onward and promote school spirit by participating in pep rallies at Riverdale and East Jefferson.

The band performances would not be quite so colorful without the added sparkle of the majorettes' batons and the cream-colored

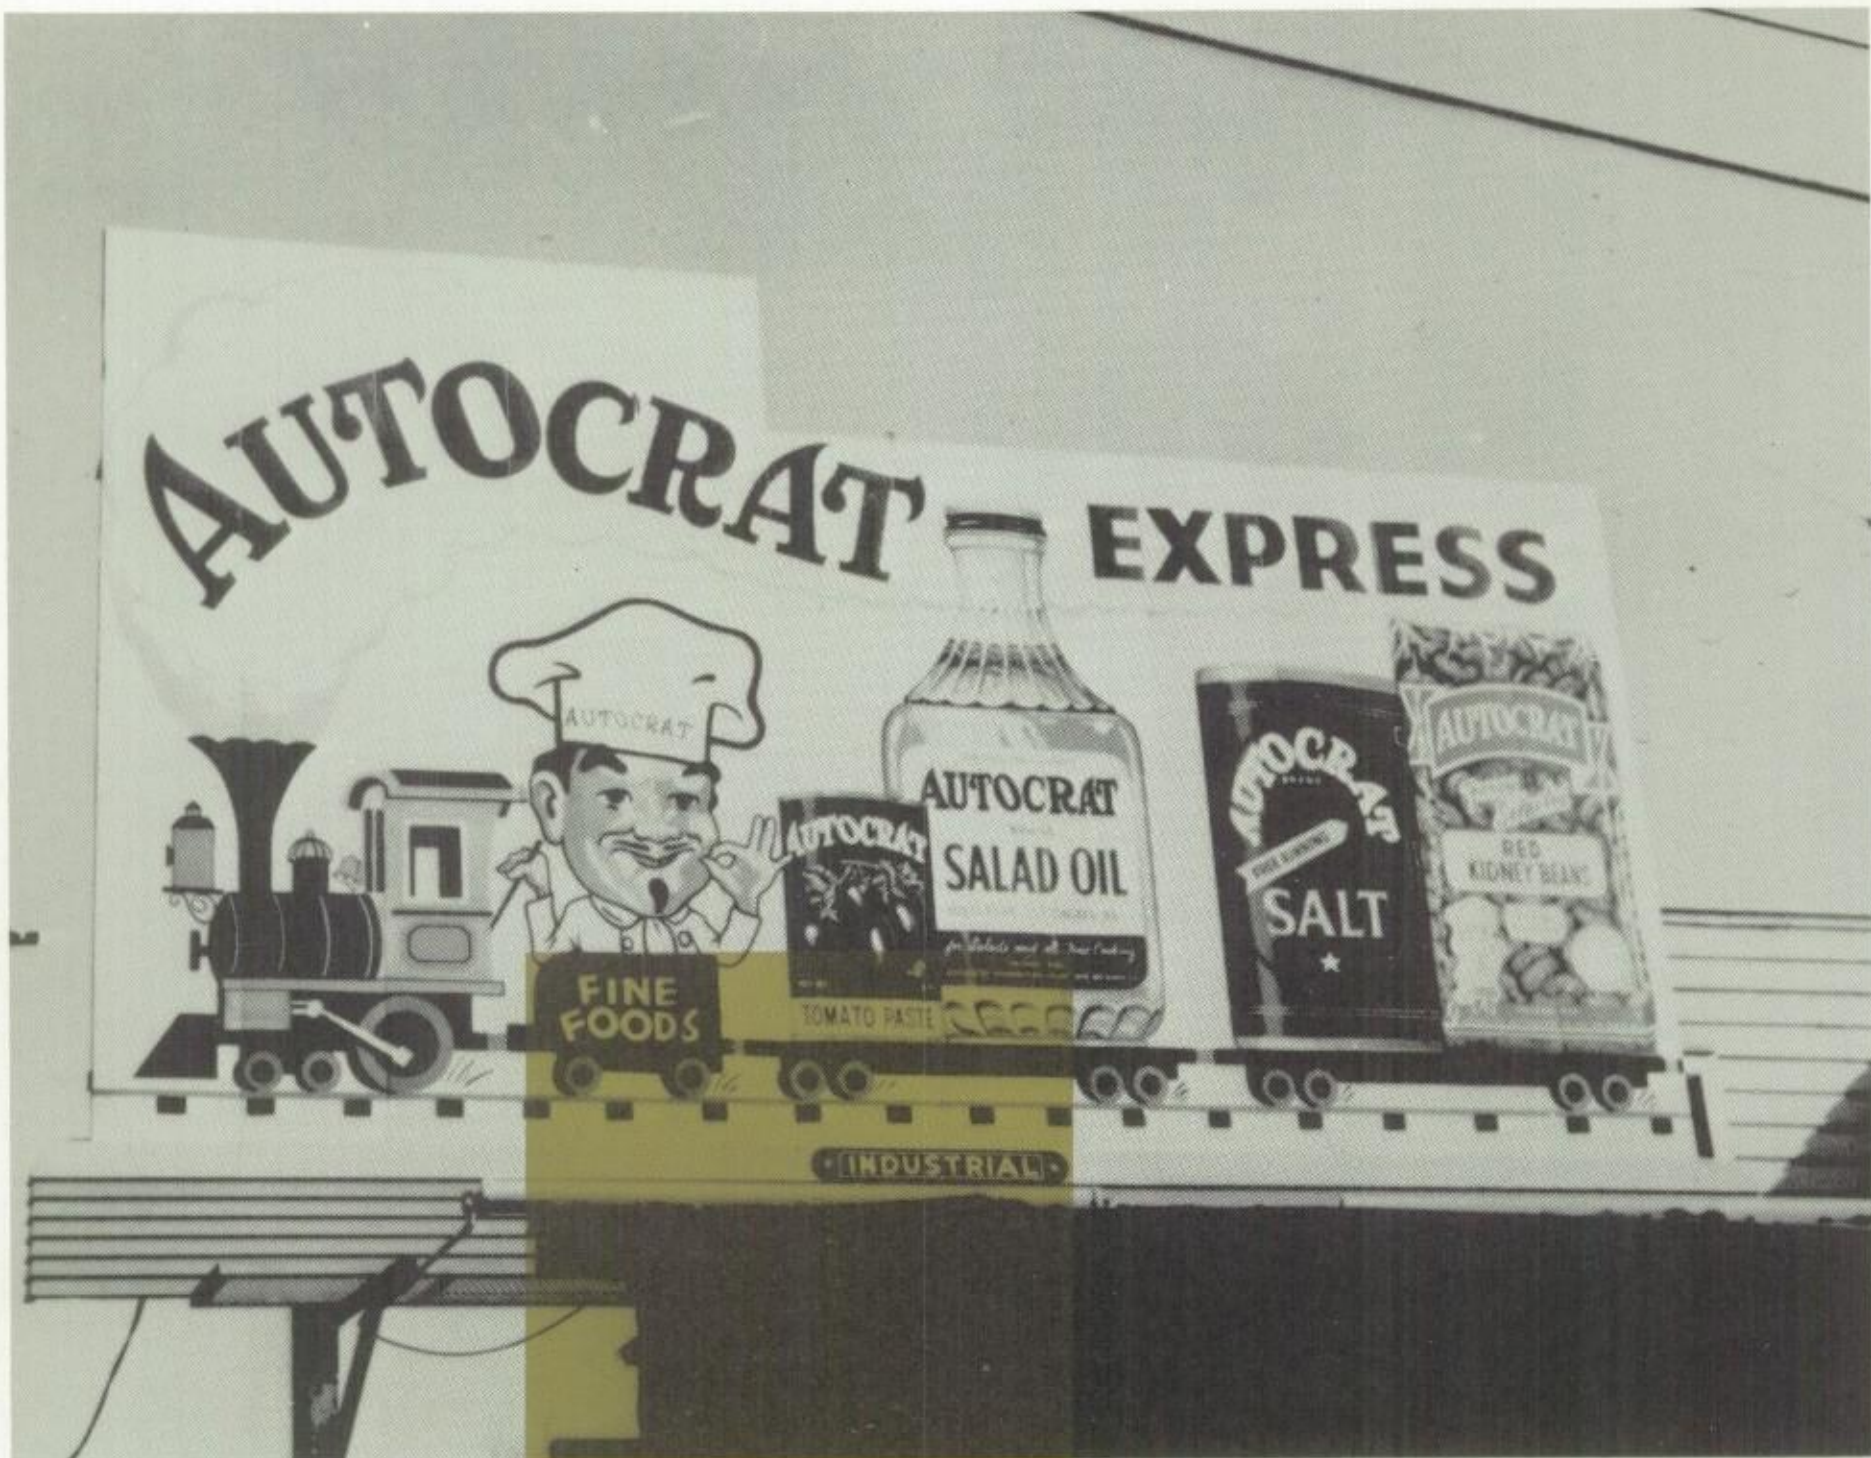

flash of the uniforms as the girls dance. The girls organize new baton routines which keep the audience spellbound.

The Marching Band Majorettes are (left to right) Mary Ann Tramonte, June Tarantino, and Judy Fallo.

Riverdale Majorettes Accent East Jefferson-Riverdale Band

The Riverdale-East Jefferson band, under the direction of Martin Clancy, delights the audiences at East Jefferson football games with its superlative performances of musical skill and precision marching. During the games, the band backs up the cheering section with fight songs and cheering routines. From football, the band rushes into the whirl of Mardi Gras as it marches in numerous parades.
